

COMMISSIONS

Commissioning a piece of art is an investment in something special and unique. Something that honors an important and meaningful part of your life. Perhaps it's a pet, a favorite place, a spot in your garden at a certain time of year, a person or animal that means something to you. Or perhaps its simply a painting to fill your space with the perfect colors and visual appeal.

Commissioned paintings also make extraordinary gifts that are one-of-a-kind and very personal!

This price list is approximate. I can confirm a price once we discuss the subject.
Other sizes are available - almost any size is possible!

8 x 10	\$240
11 x 14	\$385
16 x 20	\$640
20 x 24	\$840
24 x 30	\$1,080

These prices work for your choice of either a
1.5 inch wide gallery wrap canvas or
1/8 inch thick hardboard surface with a simple walnut stained floater frame.

Terms 50% deposit before I start the painting, and the balance due on delivery of finished artwork.

One of the determining factors in the success of a commissioned piece is having good reference photos. It is very helpful if you, as the customer, can provide great photos, but if not, or if you are willing to pay a bit more I am happy to photograph the subject. It is often helpful for me to meet the subject (if its a person or animal) anyway, or actually be in the space of the scene when possible.
